

Pearl 63: The British Luxury Family Cruiser Heads To Barcelona

Silvia Antona | 9 October 2026 | Boat shows, News, Yachts

Pearl Yachts is preparing to join the **Barcelona International Boat Show (October 14–18)** with one of the most representative models in its lineup: the **Pearl 63**, which was officially inducted into the prestigious *Hall of Fame* with the *YB 5 Star Trophy* in 2025. The participation is being organized in collaboration with long-standing dealer **Mallorca Marine Group** and reaffirms the brand's commitment to one of the Mediterranean's most dynamic and strategically important yachting markets.

The show follows an exciting period for the shipyard, which recently celebrated the highly anticipated debut of the new **Pearl 73** at the Cannes Yachting Festival and also announced the world premiere of the flagship **Pearl 100** at the upcoming Fort Lauderdale International Boat Show.

Pearl 63: A Masterpiece of Design and Onboard Living

Designed by the acclaimed **Dixon Yacht Design** and featuring interiors curated by **Kelly Hoppen Interiors**, the Pearl 63 offers a unique blend of contemporary elegance, comfort and practicality, with intelligent use of space, an innovative layout and superyacht-inspired features.

Particularly noteworthy is the shipyard's focus on creating **welcoming spaces** for socializing on board, especially in the **aft cockpit**. Two **fold-down side balconies** expand the usable deck space and provide two ideal platforms for diving straight into the sea.

The two **dinette tables** can be combined to create a single dining table. They are also height-adjustable and foldable: lowering them to seat level creates an expansive chaise longue, while folding down the backrests transforms the area into a large sunpad where guests can stretch out and relax.

The Pearl 63 also features a **forward lounge area**, easily accessible via well-protected side decks, complete with sunpads and a folding table.

For those seeking the perfect panoramic views, the **flybridge** offers sunpads, a seating area, a bar and a barbecue. An **hardtop** provides shade over the forward section of the flybridge, leaving the entire aft area open to the sky. This space is ideal not only for sunbathing but also for relaxing on the two L-shaped sofas positioned in the aft corners.

Below Deck

The Pearl 63 features **four luxurious guest cabins,** including a **full-beam master suite** with a private entrance. The suite includes generous closet space, with separate wardrobes for him and her, a sitting area with a table and armchairs beside the king-size bed, and, of course, an en-suite bathroom designed to evoke the relaxing atmosphere of a spa.

The remaining guests are accommodated in two mirror-image **twin cabins amidships** and a **VIP cabin in the bow**. **Two bathrooms** serve these cabins: one is exclusively dedicated to the VIP cabin, while the other, accessible from the hallway, is shared by the two twin cabins.

All interior spaces benefit from abundant **natural light**, thanks to large windows throughout the yacht.

In terms of propulsion, the standard configuration features **two 800-hp Volvo Penta D13 engines** paired with I**PS1050 drives.** Optional upgrades include the **900-hp D13 engines with IPS1200 drives** and, at the top of the range, the **1,000-hp D13 engines with IPS1350 drives**, delivering a top speed of **33 knots.**

Pearl 63 – Technical Specs

LOA	18.61 m / 61 ft
LH	17.45 m – 17.49 m
Beam	5.23 m (17′2″)
Draft	1.59 m (5′2″)
Displacement	36.5 tons
Fuel Tank Capacity	700 US gal
Max Speed	up to 33 knots
Cruising Speed	approx. 24–25 kn
